## Survey Details

We surveyed patients who presented in the surgery in the survey month, to seek their views on their recent experience of our service. We used the following NHS Friends & Family Test Survey template:

 <span style="float: right;">The NHS Friends and Family Test</span>					
We would like you to think about your recent experience of our service. How Likely are you to recommend our service to friends and family if they needed similar care or treatment?					
<b>Extremely Likely</b>	<b>Likely</b>	<b>Neither likely or unlikely</b>	<b>Unlikely</b>	<b>Extremely Unlikely</b>	<b>Don't Know</b>
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	←————→				?
<b>What is the main reason for your answer to the question?</b> _____ _____ _____					

We provide a choice of Friends and Family Feedback options for our patients, such as SMS (auto or user initiated), Feedback Form (paper form in waiting room) and on surgery website.

## NHS Scoring Guidance

Recent guidance issued by NHS England has confirmed a simpler 'Percentage Recommended' and 'Percentage Not Recommended' method, as the scoring methodology.

The percentage measures are calculated as follows:

$$\text{Recommended (\%)} = \frac{\text{extremely likely} + \text{likely}}{\text{extremely likely} + \text{likely} + \text{neither} + \text{unlikely} + \text{extremely unlikely} + \text{don't know}} \times 100$$

$$\text{Not Recommended (\%)} = \frac{\text{extremely unlikely} + \text{unlikely}}{\text{extremely likely} + \text{likely} + \text{neither} + \text{unlikely} + \text{extremely unlikely} + \text{don't know}} \times 100$$

For information about the selection of the scoring method please see the NHS FFT Review published in June 2014 here: <http://www.england.nhs.uk/ourwork/pe/fft/fft-test-review/>
